

QRX Technology Group is pleased to announce the acquisition of Kerr Norton effective December 1, 2016. Through this acquisition we are moving forward to strengthen our position in the IT equipment, supplies and service market.

QRX Technology Group, founded in 1989, is a privately owned provider of print management solutions. Proudly Canadian, QRX provides customized solutions to corporate clients, government and institutions across Canada.

Our Mission Statement . . .

QRX is committed to delivering an exceptional customer experience. Our goal is to understand each customer's unique requirements while providing consultative services and value propositions that generate cost savings and improved efficiency. We leverage knowledge and technology to empower our customers.

QRX has cultivated many long-term partnerships with all major OEM manufacturers and offers a complete selection of ink/toner, media, and paper products. QRX also provides printing and imaging equipment sales, service, and all inclusive managed print service (MPS) solutions. In 2012, the group was selected by Computer Dealer News (CDN) as one of the top 100 IT solution providers in Canada.

Kerr Norton started out over 75 years ago making typewriter ribbons. Over the years, Kerr Norton, became an important player in the computer supplies industry through its environmental awareness and its 20-plus years' experience in recycling and remanufacturing cartridges.

The combined resources of the two companies will ensure the best customer experience. Since the beginning, QRX Technology Group has achieved exponential growth through its firm commitment to building strong, business partnerships. Through this acquisition the group remains committed to the highest level of service possible.
